

porn.

Got your attention, didn't it? Well, it's getting theirs too.

The teens that we work with are living in a society that is saturated with sexual imagery. By the time you meet your teens, they have already been exposed to pornography. Some abuse. Some are addicted. All are affected. This is reaching children at a younger age and is a growing problem among girls; it is not just a teenage boy issue. WHAT CAN WE DO? How do we teach them that God's plan for them is infinitely better than anything they can download, look at, or watch?

How can we help the healing begin?

Christian Solutions in a Sexualized Culture

In-Service for Coordinators of Youth Ministry

Rick Schatz from PureHope will help to equip us with the knowledge that we need to combat this horribly destructive influence in our culture. The day will include talks on the sexualization of culture, Church leadership and our responsibility, impact of technology, and God's design for sexuality.

Wednesday, April 25, 2012, 9am-4pm

St. Raymond Catholic Church, 8750 Pohick Road, Springfield, VA 22153

Please RSVP to Jaclyn at 703.841.2559 by Friday, April 20.
