

Certificate Training Youth Ministry Resource

Developing a Youth Ministry Resource is one of the requirements for completing the Certificate in Youth Ministry. Once you have completed the 22 required sessions, you may submit a proposal for a resource you would like to develop. The rationale for this resource should be grounded in principles presented in the certificate training program and the diocesan vision for youth ministry.

The resource should be a substantial work that you would like to use in your ministry, approximately 7-12 pages long. Examples include: a day of formation for parents, 5 week bible study for high school boys or girls discipleship group, social events to introduce 6th graders to middle school ministry and 9th graders to high school ministry, plan for deepening coaches' identity as youth ministers, plan to recruit leadership from your parish's various cultural groups.

Attention should be given to incorporating principles learned in certificate training courses, while embodying the diocesan vision for youth ministry (i.e., efforts at reaching young people in a variety of youth groupings as opposed to merely a traditional "youth group", training adult leaders, etc.). A successful resource should contain action plans for recruiting and training adult leaders. Strategies for collaborating with pastors and partnering with parents may be presented.

The Certificate in Youth Ministry is given to recipients at the Office of Youth, Campus, and Young Adult Ministries Appreciation Dinner in December. Youth Ministry Resource Proposals are due 5 weeks before the Appreciation Dinner. Submit your proposal to Jeff Ghering (j.ghering@arlingtondiocese.org) by November 6, 2018. You will receive feedback and a response within a couple days to let you know if it is approved. The completed resource is due 2 weeks before the Appreciation Dinner. Blessings on your work!
