

IN CASE OF INCLEMENT WEATHER

Primary source of information for weather: <http://www.arlingtondiocese.org/Catholic-Sports/NVJCYO/>

NVJCYO will follow Fairfax County Public School closures and delays... <https://www.fcps.edu/resources/safety-and-transportation/weather-cancellation-procedures/inclement-weather-closing>.

If Fairfax County Public Schools are CLOSED for activities then there will be no NVJCYO games—regardless of county or other jurisdiction where the game was to be played.

If Fairfax County Public Schools are OPEN for activities then NVJCYO will play games EXCEPT:

- Games to be played at **Our Lady of Hope** and **St. Theresa** in Loudon County and **St. Francis** in Prince William County may be cancelled even if Fairfax is open because those areas may experience different weather. If Fairfax schools are open then you should check the closing information for Loudon and Prince William... if they are closed, NVJCYO games will not be held at those locations.

Coaches will be notified by their commissioner of weather-related cancellations and delays as soon as possible. Decisions to close gyms will also be posted to this website as soon as possible--but communications from a league's commissioner to the coaches should be considered the most up-to-date. As always, parents and guardians should use their best judgment regarding safety conditions, regardless of decisions made by the league. (Please note that NVJCYO no longer uses the Fairfax County Athletic Field Status phone line or website as they do not update status on the weekends.)
