PILGRIMAGE

*"To journey without being changed
is to be a nomad (or a tourist).*

*To change without journeying

- All will be double occupancy.
- This is our Lisbon hotel. When Fatima hotel is confirmed we will share that information.
- Adjacent to the train station, which will allow for ease of transportation.
- Close to the water, restaurants, and grocery store.
- Large arena nearby may become a gathering area.

PORTUGAL & COVID

- One of the reasons that we chose to keep this pilgrimage to Portugal only is so that we will only be working with one country's requirements.
- Mask mandate is in place for all indoor spaces such as commercial establishments (restaurants, stores, malls) and public transportation.
- Vaccination certificates OR negative COVID-19 (PCR 72 hours; antigen 48 hours) test are currently required for entry to restaurants, cultural shows, sporting events, tourist attractions, and hotels. Note that testing would need to happen multiple times during trip. In some cases a "recovery certificate" can meet this requirement but at present this looks to be an option for EU citizens only.
- Portugal continues to reassess and adjust restrictions. These were from the most recent round of updates on 1/10/22.

AIR TRAVEL *(under current regulations)*

- Negative COVID-19 test will be required to travel to Portugal from the United States, regardless of vaccination status. (PCR 72 hours; antigen 48 hours). *Note: Testing requirement may be going away for those with proof of vaccination. They recently removed requirement for those who have EU Digital COVID Certificate, but have not indicated if there will be an equivalent U.S. option accepted.*
- A negative COVID-19 test will be required no more than one day before travel, to travel back to the United States, regardless of vaccination status. Alternatively, travelers to the United States may provide documentation from a licensed health care provider of having recovered from COVID-19 in the 90 days preceding travel.
- These are current requirements, which are subject to change.

TRAVEL INSURANCE

- It is important for all participants to consider their course of action if requirements change. Example: if vaccinations became mandatory for travel to Portugal, or for participation in certain World Youth Day events. All payments are non-refundable, regardless of any change to these requirements.
- Travel insurance is **VERY HIGHLY RECOMMENDED**. This is always recommended but with COVID-19 at play, is even more important.
- Travel insurance may be purchased through a number of companies. However, Dube Travel works exclusively with Allianz and has dedicated staff that work directly with them.
- Participants that have had to use their policies report that working with Dube and Allianz was easy and seamless.
- Each participant will be required to submit a signed waiver if they choose not to purchase travel insurance, or if they choose to purchase from another company.
