The Registration Process

Access the WorkCamp registration site at <https://secure4.arlingtondiocese.org/workcamp>

New and Existing users

In an effort to reduce the number of errors associated with duplicate records, we have implemented a registration system that is intended to provide a smoother registration experience. When you begin the registration process, you will be taken to a *WorkCamp Account Setup and Registration* page.

Please complete the form on this page.

If the system identifies your personal data, you will be taken to a screen with an opportunity to confirm that information in our system. When you have confirmed your identity, you'll select "continue" and a code will be sent to your email address. Enter that code and you will be taken to your *WorkCamp Registration Portal*.

The system will automatically create a new *WorkCamp Registration Portal* if the system determines that you are a new user.

Once you have accessed the WorkCamp Registration Portal, you may add family members and/or register yourself or other family member for WorkCamp as described below:

Electronically Signing the Forms

Each participant in WorkCamp will need to sign the WorkCamp participant covenant, and the final registration form, after reviewing the information. The forms will be delivered and signed electronically. Adult participants will sign their own forms. Youth participants' forms will be signed by their parents or guardians, after reviewing the covenant with the youth participants.

There are two ways for a participant to receive a form for signature:

- First, if you have registered yourself as an adult, or you have registered one of your children as a youth participant, you may review and sign the forms immediately upon completion of the registration.
- Second, by email: All adult registration forms will be sent to the participant's email address. Youth forms will be emailed to the address of the person who filled out the registration.

For emailed forms, the participant will receive an email from **Arlington Diocese via DocuSign**. In that email, click the **Review Documents** button to see and sign the form.

For those forms that can be completed immediately, click the **Sign Documents** button on the final page.

To sign the forms, do the following:

1. Click either **Review Documents** in the email or **Sign Documents** as indicated above. You will see the DocuSign form.
2. If you have never signed a DocuSign form before, click the checkbox for **I agree to use electronic records and signatures**. Then click **Continue**.
3. You will see a tab say **Start** on the left side. Click it to scroll to the first signature.
4. Click the **Sign** icon on the page. If this is the first time you have signed a DocuSign document, you will be asked to choose a signature style, including your full name, your initials, and a specific style. You may also draw your own signature. When you have selected a style, click **Adopt and Sign**.
5. Scroll down to review the information on the next page. Then, click the **Next** tab on the left side of the screen.
6. Click the **Sign** icon at the bottom of the screen to sign the second page.
