

HOW DO YOU PLAN TO HONOR YOUR VOLUNTEERS THIS YEAR?

Sometimes we forget to recognize and appreciate our volunteers. The best way to lose a volunteer is to never recognize their contributions. Volunteers need to feel appreciated! They need to know you are grateful for their time and dedication. Show your appreciation by inviting them to the Youth, Campus, and Young Adult Ministries Appreciation Mass & Dinner with Bishop Burbidge.

We host this dinner as a means of honoring all of the youth, campus, and young adult ministry workers from throughout the Diocese and to recognize the work they have put into bringing those they serve to Christ. In particular, we would like to celebrate the efforts of your volunteers who are doing fantastic ministry within your parish or campus. Volunteers need to know that they are part of something bigger and that they are appreciated. This event serves to do both.

Bishop Burbidge shows his appreciation to each of the volunteers and takes the time to celebrate Mass, have dinner, and personally hand out each major award. We highly encourage you to bring your volunteers and honor them here, alongside many other volunteers throughout the Diocese. Don't miss this opportunity to say "Thank You" in this special way.
