1. Imagine you were walking the Camino de Santiago. What is one thing you'd definitely want to pack with you?
2. When Jesus called St. James, St. James had no time to prepare. Think of a time in your life when something happened and you had no time to prepare. How did you react? Was that hard/scary/exciting/confusing/fun? Where can you see that God was with you in that experience?
3. What is one area of your life where you can model St. James and jump right in and say "yes" to Jesus? How can you, as a family, say "yes" to each other (and to God) more? Think of one prayer and one practical step.
